Aratextil

Inspiring your dreams

Starting our operations in the year 2000, we have managed to consolidate ourselves in the market thanks to the exclusivity of our designs, the quality of our products as well as the sincerity of our prices. Our portfolio of clients supports this, and we are currently constantly increasing it.

Looking for new ideas for home decoration, we find it difficult to decorate the children's rooms when children are small because carpets become dirty very quickly forcing us to take them to the laundry continuously. So we asked ourselves, why not do some washing at home?. Thus, came the idea of 100% washable cotton rug.

Many of our customers recognize our first models.
